

LEGIONNAIRE SPECIAL LICENSE PLATE PROJECT

The License Plate Project is at 100% of the goal of 450 **inquiry applications**. Department HQ has emailed or mailed the DMV application to all of the members who participated in the pre-application process.

The **DMV form** must be completed and mailed back to Department with the **\$10.00 fee**.

Once we receive **all 450 DMV applications and fees at Department** we will transfer them to DMV.

On arrival at DMV of the 450 applications, Virginia Delegate Anderson will introduce a bill in the legislature so it becomes law. The Legion plate will then be produced and sent to the applicant via mail.

The above sequence to obtain a special plate is required by the Virginia State Legislators and DMV.

It normally takes about 2 years to get a special plate approved in Virginia. We were well ahead of that schedule at the **inquiry stage**. Having said that, it is important for all of our members to promote the project so we can stay on our fast track. We can be ready by the time the legislators go back into session in the Fall! Success time is totally dependent on the response of our members.

NOTE: If your license plate comes due before we have the Legion plate issued, renew your plate(s) as you normally would. DMV will mail your Legion plate to you when it becomes available.

Right now we are at about **52.4%** of our goal. (It is a lot more difficult to get the \$10.00 from our members than the free pre-application form.)

We get an **update on our stats once a month** from Department. You can check those stats by clicking on the **Department web page**. You can also download a application – questions to 540-337-4305 or legioncom.hesson@yahoo.com
