3. Insurance will cover all players during the tryouts, and Insurance Coverage is provided after commencement of the Player Season for all players whose names are registered with The American Legion Baseball on National Form #2 and National Form #1. American Legion Baseball was never designed to allow teams to have Open Rosters until the Department Closing date, which is June 1st in Virginia. When a team is playing another legion team (especially in a league game), that game is considered a regular season game and the roster needs to be on file with the Department. If a player gets hurt or quits, the policies do not allow teams to replace players hurt or quit and be extending the closing date beyond the regular closing date is in violation of the policies.

4. Who is insured? During the tryout period, all players are covered (provided enrollment Form #2 and payment have been received) and, after commencement of the playing season, coverage is provided for all players whose names are registered on Forms #1 and #2 with The American Legion. During the entire coverage period, protection is also afforded to American Legion team managers, coaches, batspersons, Athletic Officers and Post Commanders while involved in activities associated with American Legion Baseball.

Legion Baseball competition within the Department of Virginia. All games shall be played under the Official Baseball Rules, except as provided herein.

A. All regular and post-season League games for Senior Division will be 7 innings and the 10-run rule will be in effect after 5 innings or 4 ½ innings completed if the home team is ahead. Managers may agree to play a 9-inning game at their discretion; and if so that is entirely up to the manager to agree to play a 9-inning game at the plate conference; however, all games used to determine league standings will be 7 innings.

Failure to declare a designated hitter prior to the game precludes the use of a designated hitter in the game. If a pinch hitter or pinch runner for the designated hitter is used that player becomes the new designated hitter. No multiple substitutions may be made that alter the batting rotation. A designated hitter and the player for whom he is batting are locked into the batting order. The role of the designated hitter is terminated for the remainder of the game when:

  a. the defensive player, or any previous defensive player for who the designated hitter batted, subsequently bats or pinch-hits for the designated hitter; or

  b. the designated hitter or any previous designated hitter assumes a defensive position.
